## PROFESSIONAL SUMMARY

ESG Data Analyst with hands-on Scope 1, 2, and 3 emissions accounting and GHG Protocol compliance experience, building disclosure-ready carbon baselines and TCFD-aligned dashboards in a live consulting environment. Caught and corrected a systematic Scope 2 underestimation using location-based and market-based methods, restoring accuracy ahead of external disclosure. Law-trained - reads CSRD, TCFD, and CDP frameworks as primary sources, not summaries. Laidlaw Women's Leadership Scholar (top 1%), London Business School.

## CORE COMPETENCIES

Scope 1, 2 & 3 Emissions Accounting | GHG Protocol & TCFD Reporting | ESG Data Validation & Gap Analysis | Power BI (DAX, Executive Dashboards) | Carbon Baseline Development | CDP, CSRD & Regulatory Disclosure | Advanced Excel & SQL | ESG KPI Reporting

## WORK EXPERIENCE

### Aqualithic AI Consulting

Aug 2025 - Present

**ESG Data Analyst** · London, UK

- Reviewed and corrected client emissions factors applied to global site energy data, identifying a **systematic Scope 2 underestimation**; rebuilt calculations using location-based and market-based methods to ensure disclosure-ready accuracy.
- Consolidated Scope 1, 2, and selected Scope 3 emissions data across **15+ operational sources**, increasing carbon baseline data coverage from **60% to 90%** in line with GHG Protocol corporate standard.
- Developed **6+ Power BI dashboards** (DAX measures, executive KPI views) to visualise emissions trends, ESG KPIs, data completeness, and TCFD-aligned climate metrics for senior leadership.
- Applied **40+ emissions factors** per GHG Protocol guidance; built SQL queries to automate factor lookups, reducing manual recalculation errors by ~20%.
- Performed structured gap analysis and data validation on large ESG datasets, identifying inconsistencies ahead of external disclosure preparation.
- Conducted emissions trend analysis identifying top categories contributing **35% of total footprint**, supporting internal prioritisation discussions.

### The Baytree Centre

Dec 2024 - Feb 2025

**Impact Consultant** · London, UK

- Developed a data-driven corporate pitch deck that **secured £300K+ in funding**, underpinning each recommendation with quantitative evidence from beneficiary data, programme outcomes, and benchmarking research.
- Built **5+ financial and impact models** in Excel to estimate programme reach, cost-per-beneficiary, and projected outcomes under different funding scenarios.
- Delivered written recommendations report to senior leadership with supporting charts and prioritised action plan, demonstrating ability to communicate complex analysis to non-technical audiences.

### Project Asha

Feb 2025 - Jun 2025

**Impact Consultant** · London, UK

- Structured datasets across **15 districts** to analyse education access gaps aligned with UN SDGs 1 and 4, improving resource allocation efficiency by 20%.
- Designed monitoring and evaluation frameworks to track programme outcomes, enabling data-driven continuous improvement across delivery teams.
- Produced leadership briefs and UNSDG-aligned impact reports improving cross-team alignment and funder communication.

## PROJECTS

### Market Entry Strategy - SFR Medical London Business School

Led a 4-person consulting team in a 10-week engagement; built a market sizing model in Excel processing **40,000+ Ministry of Justice case records**; benchmarked 8 competitor organisations across pricing structures; modelled 3 pricing scenarios (cost-plus, value-based, tiered); delivered a 20-slide strategy deck to senior leadership that directly influenced fee structure and service positioning decisions.

## EDUCATION

**Masters in Management** London Business School — Sep 2025

Laidlaw Women's Leadership Scholar - awarded to top 1% of cohort · London, UK

**Bachelor of Law (LLB)** National Law University — Apr 2024

India

## SKILLS

**ESG & Sustainability Frameworks:** Scope 1, 2 & 3 Emissions Accounting · GHG Protocol Corporate Standard · TCFD · GRI Standards · SECR · CDP · EcoVadis · CSRD · CBAM · UN SDGs · Materiality Assessment · Carbon Baseline Development · Net Zero Strategy · ESG Data Governance

**Data & Analytics:** SQL (querying, joins, aggregations) · Advanced Excel (Power Query, Pivot Tables, INDEX/MATCH) · Power BI (DAX, Executive Dashboards) · Tableau · Large-Scale Dataset Validation · Emissions Factor Mapping · ESG KPI Reporting · Data Visualisation

**Research & Commercial:** Regulatory Research · Statutory Landscape Analysis · Market Sizing & Competitor Benchmarking · Pricing Strategy · Stakeholder Reporting · Impact Measurement · Executive Briefing · Quantitative & Qualitative Analysis
